

Ask U. S. Buy Foreign Goods

Part Of Plan To Promote Industry

Washington, Jan. 22.—(AP)—High officials, it was learned today, are prepared to recommend that this country promote industrial development abroad by offering long-term agreements to buy part of the foreign measure is suggested to go along with President Truman's "bold new program" of overseas development of backward areas.

The president's inaugural address Thursday spoke of "guarantees" to help "foster capital investment in areas needing development." He has not elaborated, yet. Congressional leaders expect to get more information when they meet with Mr. Truman Monday.

House Will Cooperate
Without knowing exactly what Mr. Truman wants, Speaker Rayburn (D-Tex.) predicted today the House will pass any legislation needed.

But some officials and legislators shy away from anything which smacks of a government guarantee to private companies against financial losses which may result from a venture into foreign expansion.

Certain of them feel, however, that American and foreign investors could be encouraged to put money and equipment into mines and mills in "underdeveloped" areas if they were assured of a market for some years ahead.

The proposal now being discussed would authorize a government agency, perhaps the treasury's Bureau of Federal Supply, to sign long-term commitments for the purchase of certain amounts of needed materials each year, for stockpiling or for resale to industry.

Escalator Clauses
The buying agreements would contain "escalator" clauses, under which the price would rise in case of unavoidable increases in costs of production.

This, it is felt, might eliminate a major obstacle to foreign investment—the chance that a company, after risking millions to start a foreign project, might lose its government contracts in a year or so.

Marshall Plan Administrator Paul G. Hoffman is known to be among those favoring such a plan. His agency, the Economic Cooperation Administration, has limited funds and authority to help in launching overseas projects, which will return strategic materials to this country.

No agency, however, has authority to make long-term commitments, even though the government's \$2,500,000,000 stockpiling program for the purchase of lead, copper, tin, manganese and other strategic materials is lagging far behind schedule.

Hoffman Recommends It
Hoffman has indicated he will recommend such legislation. He believes, however, that a permanent government agency should handle the program, since ECA has only 3½ years of life remaining.

The program could give an added lift to the European Recovery Program, since many of the richest underdeveloped mineral resources are in the colonies of Britain, Belgium, France, Holland and other Marshall Plan countries. However, Mr. Truman made it plain that he was thinking in global terms, presumably including Latin America, Australia and the Far East.

So far, only \$18,000,000 worth of rubber, sisal fiber and industrial diamonds have been purchased by ECA, all from British sources.

Speaker Rayburn was confident that the House would approve whatever Mr. Truman wanted to help the world get "on its feet."

London Paper Says Cardinal Will Be Drugged At Trial

London, Jan. 22.—(AP)—The Tablet, a British Roman Catholic weekly, declares Hungarian Communists plan to administer a will-destroying drug to Josef Cardinal Mindszenty before his trial on charges of high treason.

The magazine printed an article it said was drawn up on instructions of the Hungarian cardinal primate before his arrest. The article is entitled "Trial By Accedron." The weekly says accedron—unknown to western medical men, at least under that name—is the will-destroying drug.

The article is to be read from the pulpits of all Roman Catholic churches tomorrow in the dioceses of Shrewsbury and Birmingham.

The article says it is essential "to draw the attention of Hungarian and foreign public opinion to the methods of the Communist police and the utter defenselessness of the victims."

The article cites two previous Hungarian trials, one of a priest. It says both defendants denied indictments against them but after some time in their cells appeared listless in court and accepted the charges made.

LONDON BACON GROUP GETS MANY BEEFS

London, Jan. 22.—(AP)—The Bacon society took steps today to get out from under some beefs.

Valentine Smith, secretary of the society, advised the membership today his office is getting complaints about the recent cut in the bacon ration from two ounces a week to one.

"So," said Smith "We have thought it better to put the name 'Francis' in front of the 'bacon' on the notice board."

The Francis bacon society has nothing to do with the succulent breakfast dish of the same name. It is dedicated to the proposition that Bacon wrote Shakespeare's plays.

U. S. Labor Experts Propose Advisory Group On Pensions

Washington, Jan. 22.—(AP)—Government labor experts today proposed an impartial cost analyzing body to help industry and labor find a safe middle ground in pension and welfare fund negotiations.

The suggestion was advanced by some of these officials as they took note of a change in union tactics.

The emphasis has switched from outright demands for new wage increases to proposals for better pension plans and other social benefits.

Walter Reuther, head of the CIO's United Auto Workers, a million-member outfit, has announced his union will demand \$100 a month pensions when contract talks begin with the car makers this spring.

John L. Lewis, head of the United Mine Workers, already has set up such a retirement system for coal miners. But the mine owners protest they still are unable to estimate accurately how much the plan will cost the industry.

Besides pensions, other so-called welfare items like insurance, disability, and medical care are figuring more and more in the discussions between unions and their employers.

Poultry Experts Show People How To Eat Chicken

Chicago, Jan. 22.—(AP)—When the nation's poultry experts sat down to dinner last night, their knives and forks stayed clean.

The diners, directors of the poultry and egg national board, were knuckle deep in drumsticks and wishbones of fried chicken, finger to mouth style.

Hobart Creighton of Warsaw, Ind., board president, said the organization had unqualifiedly endorsed the finger clutch on fried chicken.

"It is now up to chicken eaters everywhere to follow suit," he said.

Agga Kahn Gives Blessings To Son, Rita Hayworth

Cannes, France, Jan. 22.—(AP)—The Khan, spiritual leader of 70 million Ismaili Mohammedans, will give his blessing to the marriage of his son and twice-divorced movie star Rita Hayworth.

Aly Khan told newsmen this at a news conference today in his palatial chateau on the Riviera.

The heir to untold millions, castles and palaces all over the world, fabulous jewels, yachts and racing stables also said that his wife would keep on working after the marriage.

"Why should Miss Hayworth quit her career?" he asked. "This beautiful woman has made a brilliant career for herself and no man should spoil it."

Isolate Acid That Carries Heredity

New York, Jan. 22.—(AP)—An acid with a long name was identified today as the carrier of heredity for you, your dog, your house plants or anything else that lives.

This acid forms a large part (25 to 40 per cent) of the invisible threads—the chromosomes—that govern heredity.

The identification was reported by Dr. A. E. Kirsky, of the Rockefeller Institute for medical research, at a meeting of the American Chemical Society's New York section.

The acid is deoxyribonucleic. It had been suspected as the carrier, but today's report of the chemical society says this is the first positive identification.

Many Foreign Offices Will Be Affected

Washington, Jan. 22.—(AP)—President Truman and Secretary of State Acheson are expected to shake up top American diplomatic representation abroad in the near future. Several ambassadors will be replaced, some because they insist on retiring.

Likewise, diplomatic authorities here expect that in taking over as secretary of state, Acheson will make some changes among his top policy advisers, probably in advance of any general reorganization of the state department along lines which Acheson himself has already worked out.

Five major diplomatic posts now figure in speculation about possible changes. They are:

Smith Resigns
Moscow—General Walter Bedell Smith, who has been ambassador to the Soviet Union since March, 1946, is now in this country. He has been trying to resign for almost a year.

Nanking—Ambassador John Leighton Stuart, former Yenching university president, has been ambassador to China since July, 1946.

At 72, Stuart is reported to have expressed a desire to get back into educational work and as soon as the situation in China itself permits he may be released.

Paris—Jefferson Caffery, who has held the French diplomatic assignment since 1944, is now 62 years old and there is increasing talk among state department officials that he will soon be permitted to retire.

Buenos Aires—James Bruce, Baltimore businessman, is reported pressing President Truman and the State department to let him leave the Argentine Post, where officials say he has done a good job. Bruce was given the assignment in July, 1947.

Baruch To Retire
The Hague—Herman B. Baruch, 76-year-old brother of the famous financier and government adviser, Bernard M. Baruch, has held the Netherlands Post since March 13, 1947. Officials here said that his retirement is an easy prospect.

Persons who have figured in speculation for the prospective Moscow vacancy include Charles E. Bohlen, present counselor of the State department and a Russian policy expert; George Kennan, chief of the State department's policy planning staff and also a Russian expert; and assistant secretary of state George V. Allen.

Some, however, believe that Mr. Truman and Acheson may select a complete newcomer to diplomacy for the Moscow post.

Daniels Leaving Post
In shakeups inside the department, at least two top jobs may be filled fairly soon by Acheson. Paul Daniels, chief of the office of inter-American affairs, is expected to go out of the department to an important ambassadorship in Latin America.

Joseph C. Satterthwaite, who has been director of the office of near eastern and African affairs (including Palestine) for only a few months, is nevertheless slated for reassignment abroad fairly soon because of the law limiting service of foreign service officers in the State department to a period of four years at a time. Satterthwaite has been on duty here since 1945.

'Dud' Explodes, Kills Four, Hurts Three Seriously

Hope, Ark., Jan. 22.—(AP)—Explosion of a shell which proved alive instead of a "dud" killed four persons operating a private salvage enterprise near an inactive army proving ground here today.

Three others were injured seriously. State police said the dead and injured had been removing unexploded shells from a restricted area of the southwestern proving ground reservation, pulling out the powder and selling the cartridges for scrap metal.

An army demolition squad which is removing unexploded shells from the area so that it might be returned to former owners published a warning four days ago for persons finding such shells to notify authorities and not to tamper with them.

The dead were identified as: Herbert Worthey, 31; Felton Hartsfield, 28; Melba Jean Worthey, 16; and Mary Emma Worthey, 12, the latter two sisters of Herbert Worthey.

Injured critically were Worthey's wife, another sister, Jenina, 11, and Robert Bain, about 19.

Many of the diamond mines of South Africa are located in the cores of ancient volcanoes.

Arrest 64 Persons In Czechoslovakia As American Spies

Prague, Jan. 22.—(AP)—New mass arrests of persons accused of plotting against Czechoslovakia's communist government were revealed today, with 60 reported held in Bratislava on charges of spying for U.S. intelligence services.

Three nuns and the head of a Franciscan monastery were listed among the 60, along with various Slovak business and professional men.

The arrest of the four church figures came after signs had developed of a slackening of the feud between the government and the Roman Catholic church. The press and radio, both controlled by the government, dropped their campaign against the church this week.

Gen. Josef Kuthawass and a number of other army officers and civilians were arrested early this month on charges of preparing a putsch.

Persons who have seen the exercise yard at the Pankrac prison say at least 16 generals and 300 other officers are in the circle lineup during walking exercise periods.

The roundup at Bratislava, capital of Slovakia, was one of the largest in a series of continuing arrests throughout the country which, by official figures, would indicate that a high proportion of the people spend much of their time trying to overthrow the government.

Senate Demos Act To Speed Repeal Of Labor Law

Washington, Jan. 22.—(AP)—Senate Democrats talked today of putting spurs to congress to prevent Taft-Hartley law repeal legislation from bogging down to a snail's pace.

Senator Lucas of Illinois, the majority leader, told a reporter that he and other party policy makers might discuss a speed-up at their regular Monday conference with President Truman.

Both Lucas and Senator Hill (D-Ala.) were cool to a proposal by Senator Morse (D-Ore.) that the Senate labor committee fix an April goal for getting a repeal bill to the floor.

Lucas said he feels the committee must move "much faster" than that. "I am going to talk to the Democratic leaders of the committee to see whether we can get much faster action than Senator Morse is proposing," Lucas said. He added:

"Many labor-management contracts expire soon. Both sides need to know and are entitled to know quickly just where this congress stands on this vital issue of labor legislation. I am going to do all I can to see that they find out quickly."

Scott Leads GOP Executive Group With Dewey Men

Washington, Jan. 22.—(AP)—Chairman Hugh D. Scott, Jr., defied his critics on the Republican national committee today by setting up an executive committee heavily weighted with Thomas E. Dewey supporters.

Opponents had talked of clipping Scott's wings by naming an executive committee which could keep close tab on his operations.

But the Republican leader, also chairman of the executive group, hand picked 15 of the 25 members under authority given him in a resolution passed at the Philadelphia convention last June.

Whether any attempt will be made to overturn Scott's selections at the Omaha meeting of the national committee next Wednesday and Thursday apparently remained in doubt.

Republican politicians here figured that 11 of the 25 executive committee members, including the chairman himself, were supporters of Dewey before he was nominated at last June's party convention.

Move To Destroy Huge Smuggling Ring In Germany

Frankfurt, Germany, Jan. 22.—(AP)—Secret agents moved today against a massive smuggling ring reputed to include American service men and civilian employees.

The U.S. Air Force said the smugglers have done a "multi-million-dollar" business in precious metals, currency, precision instruments, ball bearings and other valuables.

Months of secret inquiry preluded the international crackdown by Air Force and Army criminal investigation agents, and civil police of France, Italy and other countries.

Blazing gunfire Thursday night in U.S. troops and Czech guards on the border near Sennrid, Germany, apparently is connected with the crackdown. German police firing on a smuggler's truck as it sped to the border were shot at by the Czech border patrol. U.S. troops rushed to the scene and exchanged more shots with the Czechs. The case has been sent to high diplomatic levels to be threshed out.

GETS AWARD FOR EGG, POULTRY RESEARCH

Chicago, Jan. 22.—(AP)—Dr. George P. Stewart of Iowa State College last night was awarded the \$500 Andrew Christie award for making the most outstanding contribution to egg and poultry research.

The prize was presented at a dinner during the annual poultry and egg national board directors' meeting. Dr. Stewart is associate director of the college's agricultural experiment station.

Gov. Stevenson, Kennelly Examine Needs Of Cook Co.

Chicago, Jan. 22.—(AP)—Gov. Adlai Stevenson and Chicago's Mayor Martin J. Kennelly held a half-hour "preliminary" conference today on Cook county's financial needs for this year.

Kennelly said the meeting was decided on during the pair's trip to the Presidential inaugural and that Governor Stevenson took advantage of a stop-over on his return from Washington.

The Mayor said a detailed report on additional revenue needed by Cook county will be presented to the governor in a few weeks.

Also attending the meeting were State Sen. Richard Daley, state finance officer George Mitchell, and Alderman John J. Duffy, chairman of the city council finance committee.

U. S. Air Observer Shot Down By Reds In Grecian War

Athens, Jan. 22.—(AP)—Lt. Col. Selten F. Edner of San Jose, Calif., an American air observer, and his Greek pilot have been shot down by communist-led Guerrillas and both are believed to have been killed.

The Greek air staff and the U.S. embassy announced the incident today.

(The Yugoslav news agency Tanjug said the Guerrillas reported the American was found dead in the plane Friday and they are protesting to the Security Council that he took part in a strafing-bombing mission.)

U.S. Ambassador Henry F. Grady said Edner was making an unarmed observation flight over the Karpensis battle area north of Athens when the plane crashed in hilly country. Grady notified Mrs. Edner, who lives in Athens.

Edner was assigned here as an observer with the U.S. Army group air detachment under the Greek aid program.

Finance Committee Of Senate Against Increasing Taxes

Washington, Jan. 21.—(AP)—Majority sentiment appears to have developed within the Senate finance committee against increasing federal taxes.

This sentiment apparently is based on the belief of members that congressional appropriations for the next year can be held to a level where the government can pay something on the \$252,000,000,000 national debt without any tax boost.

Taking his stand on the \$400,000,000 tax increase which President Truman asked as a key point in his economic program, Senator Byrd (D-Va.) told a reporter he has made up his mind to oppose it if congress practices "any reasonable economy" that assures budget balancing.

Byrd is one of the seven Democratic members of the finance committee, which handles tax legislation for the Senate. All six of the Republican members are expected to vote against increasing taxes unless they become convinced that more revenue must be found to prevent a deficit.

Toothache Leads To Horse Theft

Goderich, Ont., Jan. 22.—(AP)—Farmer and Patrick Burns has learned two lessons—you shouldn't try to remove an aching tooth with pliers and it's a mistake to sell your boss's horse.

It all started when Burns' tooth broke as his employer tried to pull it with pliers. Burns then borrowed the farmer's horse and set out for the dentist. But he changed his mind, sold the animal, and went on a binge.

Today he was convicted of horse theft.

The term "Navy" formerly meant all the shipping of a country whether merchant or fighting ships.

Reds Do Not Change Terms In Ultimatum

Nanking, Jan. 22.—(AP)—Peiping made its long-expected separate surrender deal with the Communists tonight even as the rickety Chinese government sought a nationwide peace at almost any price.

Gen. Fu Tso-Yi's North China headquarters announced a cease-fire had ended the 40-day Red siege of Peiping, and that some units of Fu's 125,000-man army had already begun an agreed march out of the city.

A bipartisan liaison office is to manage civic affairs during an unspecified period until the communists can take charge.

Terms previously reported included removal of Fu's name from the communists' "war criminals" list.

Reds Easy With Peiping
The communists had treated Peiping gingerly throughout the siege, declaring they did not want to destroy that intellectually and spiritual center of China. A more practical reason probably was that they wanted it intact for their capital.

No such consideration was shown towards Nanking. Despite the departure of President Chiang Kai-Shek—at least partly meeting one of their demands—the Reds gave no indication they would make concessions to the frenzied pleas of Chiang's political heirs.

(The Reds are in position militarily to enforce a flat surrender on their own terms. A communist broadcast heard in San Francisco said Chiang's retirement was an American-instigated stunt and "all indications" were that Nanking "has no desire for genuine democratic peace.")

With Chiang in reluctant retirement and all north China gone—except for isolated Tsingtao and Taiyuan—the disintegrating national regime was trying frantically to end the civil war on some terms short of total surrender.

Appoints Delegation
Acting President Li Tsung-Jen appointed a five-man delegation to try to negotiate with the communists.

Shao Li-Tze, former ambassador to Moscow, was named chairman of the peace delegation. Members are Gen. Chang Chih-Chung, Gen. Huang Shao-Hsiung, Peng Chao-Hsien, and Chung Tien-Hsing.

Chang is a cabinet minister and commander of five northwest provinces. He and Shao are longtime peace advocates. The others are minor figures but none is on the communists' war criminal list.

Li, announcing their selection after a typical Chinese tea party, said they were to negotiate peace "at a suitable place to be agreed upon by both sides."

The acting president said he was ready to accept the communists' eight broadcast terms of Jan. 14 as a "basis" for negotiation. Since these terms amounted to an ultimatum for unconditional surrender, it was evident that the government was not ready to accept them as they stood.

Li Ready To Withdraw
Li said he was ready to withdraw from the government whenever peace was achieved.

Chairman Shao issued a statement inviting the communists to set the time and place for a meeting. He also addressed a message to Marshal Li Chi-Shen and Shen Chung-Yu, urging their aid.

No Relation To Acting President
Marshal Li, longtime right-hand man to Chiang Kai-Shek, and Shen, head of the government-outlawed democratic league, are non-communist but bitterly anti-government. Both went from Hong Kong to communist territory three weeks ago to try to form a coalition of their own with the Reds.

Acting President Li issued a promise to abolish or suspend quickly "all decrees interfering with the people's freedom and contrary to the people's democracy."

Gen. Tang En-Po, commandant of the Nanking-Shanghai defense area, evidently saw things differently. He immediately announced that martial law would continue unchanged and threatened punishment of all "traitor-mongers" and other disturbers of the peace.

Camden Gas Strike Settled By U. S. Mediation Board

Camden, N. J., Jan. 22.—(AP)—Government mediators settled the 46-hour Camden gas strike today as fuel supplies neared the vanishing point.

All-night negotiations brought an agreement for immediate resumption of work by 465 strikers at two plants of Public Service Electric and Gas Company.

End of the strike brought a sigh of relief from the metropolitan area's more than 100,000 domestic consumers and halted layoffs at industrial plants. There were warnings the gas supply would be exhausted in another 12 hours.

The walkout was over demands by members of the independent Camden Gas and Coke Workers union for a wage boost of 30 cents an hour plus 35 cents extra for holidays. They now receive \$14.44 an hour. The company reported it offered 11 cents.

The agreement, which sent the workers back to their jobs, calls for negotiations to begin Monday on a contract to cover the period from July 1, 1948 to June 30, 1949.

DOCTOR HAS RADIO IN CAR AND OFFICE

Hempstead, N.Y., Jan. 22.—(AP)—Dr. Eugene Rodin keeps in touch with calls of his patients through his own short wave radio station installed in his office and car.

The station, W2X PZ, was licensed recently by the federal communications commission. Both Dr. Rodin and his office assistant, Mrs. Gerda Kilgus, are licensed radio operators.

Asians Demand UN Halt Dutch Rule Of Indonesians

New Delhi, India, Jan. 22.—(AP)—Asian nations demanded in conference today that the United Nations call a halt on Dutch military rule of Indonesia.

The Asian conference called for immediate end of Dutch military action in the Indonesian Islands, and swift steps to give the people self-rule.

The member nations agreed to leave behind them a foundation on which they could build a permanent Oriental bloc, and to reconvene if they don't like the way the United Nations handles the problems of Indonesia.

The resolutions, adopted in closed session today, will be entered in conference records at tomorrow's final meeting, which will be open.

Officially, the conference stopped short of a spoken call for economic sanctions to back up U.N. orders to the Netherlands. Delegates said they did not want to seem to threaten the world body, but that their desires are clear anyway.

Rescue 11 Airmen Down On Hudson Bay Ice Field

Churchill, Man., Jan. 22.—(AP)—All 11 men aboard a Dakota transport forced down yesterday on a Hudson Bay ice field were removed today by a ski-equipped RCAF plane.

The ski-plane made two trips to the ice fields, about 70 miles from the RCAF base here, to remove the men. The first four were removed shortly after noon and the remaining seven later this afternoon.

At the time it was forced down, the Dakota was returning from a mercy flight to Arctic Bay, on Baffin Island, 400 miles north of the Arctic Circle.

The Dakota took off Monday to pick up Harold Dunn, Canadian department of transport radio operator, stricken with a stomach ailment, and an Eskimo named Akoolimaks, also ailing. Both were brought here on the first flight of the RCAF Norseman rescue plane.

The accident, which involved a freight on a siding, tore up some trackage and blocked the Chicago and Northwestern railroad main line.

Ten cars, including the diesel engine, of the 14-car crack streamliner left the tracks but remained up right.

Seven passengers injured suffered bruises and shock as the result of being thrown against the seats or because bags fell on them.

The precise cause of the accident was not known but witnesses said it involved an eastbound freight which was on a siding at the point of the mishap.

Only one person was hospitalized. He was Dan Garcia, 47, of Oakland, Calif., who suffered a pelvic injury when thrown to the floor of the dining car galley where he was a chef. He was taken to a Cedar Rapids, Ia., hospital.

PLANTING "A GIFT TO JACKSONVILLE"

The January sleet storm once again brought concern to those who value the beauty of Jacksonville's magnificent trees. Crashing branches under the weight of ice not only brought destruction to property, but was indisputable proof that many towering trees which appear to be sturdy and sound will need replacement by younger and stronger growth.

Several years ago Gamma Chapter, Beta Sigma Phi, anticipated such a need. Each year since that time the chapter has planted a number of trees in the parks and on boulevards. This fall a tree was planted on the boulevard in front of the home of Mrs. Helen Brown Read, 216 Caldwell street. At the informal planting ceremony (left to right) were Mrs. Helen Brown Read, Mrs. Merle Ingels, Mrs. John May, Mrs. Charles Vieira and Carol Vieira, Mrs. Ralph Withee, Miss Janette Powell, Miss Naomi Woods and the poet, Mike.

Mrs. Read is the chapter's social sponsor, and her admiration for Jacksonville's elms is well known. It was at the suggestion of Mrs. Read that Gamma chapter accepted the project to plant at least one tree a year as a gift to Jacksonville. With the arrival of spring weather it is hoped that many other organizations and individuals will join in the responsibility of replacing trees which have become old or have been ruined by the ravages of weather.

Couple Exchange Vows In Ceremony At Salem Church

In a lovely candlelight wedding ceremony which took place Jan. 16 at 3:30 p. m. at Salem Lutheran church, Miss Mildred Staake, daughter of Mr. and Mrs. Edward Staake, 1135 South East street, became the bride of Herbert Witte, son of Mr. and Mrs. Edward Witte of Ar-

Stake, sister of the bride, was attended in pale blue, while the bridesmaids, Mrs. Arthur Huppe, the bridegroom's sister, and Miss Velda Fricke, cousin of the bride, wore orchid and yellow, respectively.

Each wore opera gloves corresponding to the shade of their gowns and shoulder-length veils of marquisette attached to halos of velvet flowers. Their bouquets were colonial.

The flower girl, Donna Staake, cousin of the bride, wore an ankle length dress of pale pink satin, with rows of imported self color lace around the hooped skirt and tiny cap sleeves. She also wore opera gloves matching her dress and a corsage of sweet peas in her hair.

Cousin as Ring Bearer
Gerald Staake, cousin of the bride, served as ring bearer, carrying the ring on a heart-shaped pillow of white satin. The best man was Charles Henry Witte brother of the bridegroom. Garland Winkler, cousin of the bridegroom, and Ray Staake, the bride's cousin, served as ushers.

A grey dress with black accessories was worn by the bride's mother. The bridegroom's mother chose a blue dress with grey accessories. Both had corsages of pink carnations.

Following the wedding a reception for 90 relatives and friends was held in the church hall. Those assisting with the serving were Mrs. Julius Staake, Mrs. Herschel Staake, Mrs. Charles Henry Witte, Mrs. Harry Wright, Miss Ethel Andrews, Miss Phyllis Twyford and Miss Jeanette Loneragan.

The bride graduated from the Mredosia high school in 1947 and for the past three years has been employed at Sears and Roebuck.

Mr. Witte attended the Arenzville schools and is engaged in farming near there.

As the couple left for their wedding trip through the South the bride was wearing a gray checked suit with black accessories and the orchid from her bridal bouquet.

Mr. and Mrs. Witte will reside on a farm near Arenzville.

THRIFT STILL PRACTICED IN AMERICA

This being Thrift week, Americans are being urged to save by (1) making regular additions to savings accounts, (2) buying and holding U. S. savings bonds, (3) maintaining adequate insurance and (4) maintaining a sensible budget.

It is encouraging to find that saving through all these plans is being practiced to a large extent by the American people. Bank savings are high. The purchase of U. S. bonds continues in large volume, with Illinois topping all the industrial states. Insurance figures are at new records.

Thrift has sustained some hard blows in the last couple of decades. It has suffered from a paternalistic attitude of government. Recently we heard of a spokesman for some highly paid craftsmen telling an insurance agent: "You are wasting your time with our men. These fellows spend their money every week-end, and if they go broke they'll let Uncle Sam support them."

There is no denying that our Washington government, while it can claim credit for pulling the country out of a disastrous depression, has caused many of its followers to put too much reliance on government aid. This is bad for thrift. Another thing that is very bad for it is a financial policy that threatens serious monetary inflation, which would nullify the value of savings.

But this is a rich country. Thrift is still a good policy. And the best time to practice it is when prices are high and money is plentiful.

Hearty Beef Pie Is Ideal For Entertaining

Hot Beef Pie

A new note in entertaining is to serve a few simple, hearty foods, and in liberal quantity. One of the best examples of this, especially for a real he-man buffet, is a good, filling beef pie. This is the kind of food men go for, so maybe you could plan it for your next club meeting, or if your planning to entertain some of your husband's or brother's friends on his birthday. They'll remember this kind of food much longer than your dainty sandwich loaves or gelatin salads.

Top the beef pie with lots of crusty biscuits—at least one apiece—and then have plenty more besides, if you want to make a really big hit. Gooseberry jam goes well with biscuits and nothing is too good for this affair. If you have some lap trays for your guests to eat from, you'll eliminate the "balancing" act so abhorred by men. Even better tables for guests to go to after they have helped themselves at the buffet table.

Easy On The Budget
To make the beef pie for six, ask your meat dealer for 1 1/2 pounds of beef for stew—this party is definitely not going to dent your budget! Flour the meat thoroughly, then brown in hot fat in a heavy frying-pan. Add seasonings and water to cover. Cover and cook until tender.

Suggestive of a real he-man buffet is this hearty beef pie with its accompanying mixed vegetable salad. Your guests will really "dig in" to a dish like this—and remember you forever after for it, too! Have plenty of additional biscuits ready to fill the demand.

usually about 1 1/2 to 2 hours. Near the end of the cooking time and vegetables so they will be just tender.
So far you have made favorite beef stew. Now pour the stew into an oven dish or casserole—something that can be served at the table as well as used to cook the pie. If you're having a large crowd, you may wish to double the recipe and make the pie in a rectangular baking dish. Top the beef stew with biscuits, then bake in a hot oven until brown, and there is your party beef pie, already to go!
Beef Pie
1 1/2 pounds beef for stew
3 to 4 tablespoons lard or drippings
1 1/2 teaspoons salt
1/2 teaspoon pepper
1 1/2 cups water
1 pound fresh or 1 No. 2 can
green beans
6 medium carrots, sliced
4 medium onions, quartered
4 potatoes, quartered
Flour for thickening
Baking Powder Biscuits
Brown meat on all sides in lard or drippings. Season. Add water. Cover and simmer 1 1/2 to 2 hours or until tender. About 30 minutes before end of cooking time add fresh green beans, carrots, onions and potatoes. (If canned beans are used, they may be added 10 minutes before end of cooking time.) Place the cooked meat and vegetables in a baking dish or an oven-proof casserole. If needed, add water to cooking liquid to make enough liquid for gravy. Thicken liquid with flour. Pour over meat and vegetables. Place baking powder biscuits on top. Bake in a hot oven (425° F.) 12 to 15 minutes. 6 servings

Forty Methodist Pastors Attend Conference Here

The annual evangelistic conference of the Jacksonville district was held in Grace Methodist church in this city on Thursday of this week in spite of icy highways and inclement weather. Forty of the pastors of the district were present. This meeting is one of seven held in the Illinois Conference, and was planned by the Conference Board of Evangelism.

The meeting was in charge of Dr. Sidney A. Guthrie, superintendent.

of the district. Dr. Frank Marston, pastor of Grace church was the host, looking after the comfort and well being of those present during the day.

Resource men were Dr. Paul Grimes, pastor of West Ridge Community Methodist church, Chicago, and Dr. Emil Frye, pastor of Trinity church, Kansas City, Missouri.

The opening devotion at 9 a. m. were in charge of Rev. John Collins, the new pastor of Centenary church in this city. Rev. Albert H. Sonius presented the theme, "Evangelism as Related to The Advance for Christ and His Church," followed by Rev. Edgar Morton of Beardstown, speaking on "Enlisting the Entire Church in the Work of Evangelism." Lively discussion followed the presentation of these two addresses. The morning session closed with a stirring sermon on Evangelism by Dr. Frye.

The afternoon session opened with an address on "A Vital Religious Experience for Youth," by Rev. Orval Bear of Camp Point, who is the district youth director. Stanley Jensen of Union Church, Quincy, spoke on "Enriching the Religious Life of New Members," that was so well received that a demand for its publication in the journal "Shepherds" came from the group. The final address was on the theme, "Plans and Personal Reading for Ministers for the Lenten Season," by Rev. Joseph

Mason, pastor at Rushville. The closing sermon was given by Dr. Grimes.

It was a goodly fellowship, and the day's addresses and discussions, it was felt by all, constituted the best meeting of the district ministers in many a day. The importance of these meetings in all the districts of Methodism is seen in the fact that the Methodist church proposes to win 2,000,000 persons to Christ and church membership during the four years 1948-1952. Of that number 400,000 should be won in 1949. The goal of the Illinois Conference in 1949 is 9814 persons.

Thursday
 The young couples of Westminster church and congregation will be entertained by Mr. and Mrs. Waldus Bealmear on Thursday evening at 8 o'clock at the home of Mr. and Mrs. Howard Stevenson on Mound Road.

The Ebenezer W.S.C.S. will meet Thursday at the home of Miss Ruby Deweese, 1617 South Main street. A potluck dinner will be served promptly at noon, followed by the business session at 1 p. m. Sewing will be done for Passavant hospital.

Home Ransacked;
Nothing Stolen**

The home of Dr. George R. Bradley, 265 Webster avenue, was ransacked Friday night between 7 and 10:30 o'clock, during the physician's absence. Dr. Bradley reported the burglary to the police department stating that nothing was taken as far as he could ascertain.

Members of the police department inspected the premises and found that a basement window had been forced open. The burglar apparently was after money only and did not find any drawers containing silverware were pulled out and ransacked, and a cedar chest in an upstairs bedroom was pried open.

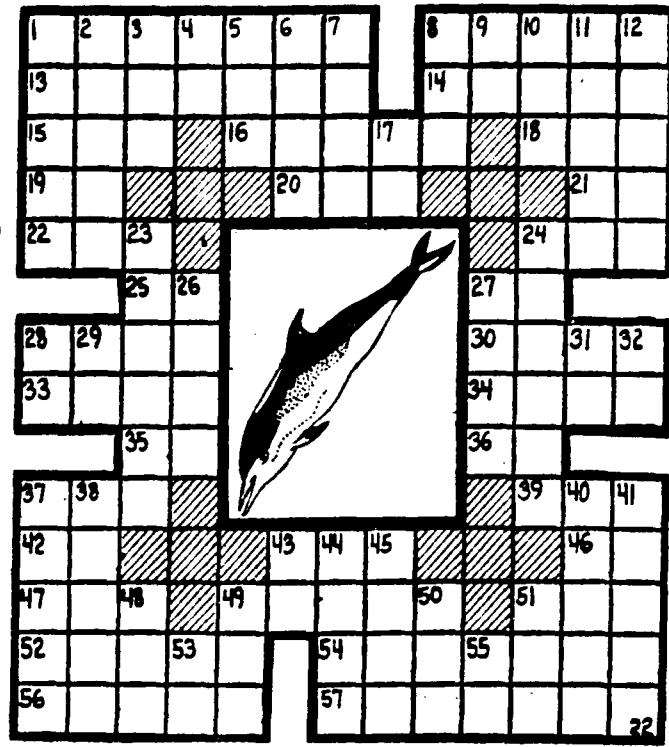

Dr. Bradley said several window shades were pulled down by the burglar.

XXXII
JUST how Carter managed to persuade Susan that it was wise to let Merry have her way, Merry herself never knew. She walked warily, thought twice before she spoke, and kept out of the way as much as she could. Once or twice Susan came to dinner with her eyes slightly pink from tears and her voice trembled when she looked at Merry. But within a week or a little more, she had come around to their way of looking at it, and Merry, with her heart singing, made her plans.

A golden morning late in February, with herself and Andrew in the front seat of her own car and Lizzie beaming like a dusky goddess in the back, found them driving toward Marshallville. Merry drew a deep breath of relief and tried not to remember the look in her mother's eyes as she had stood on the steps of Cielito Lindo and watched them drive away.

"It is the best thing," she told herself, her hands clenching tightly on the wheel. "It's got to be. Having me underfoot all the time just kept making her remember things, and that made Carter jealous. He's crazy about her and she likes him, and they have a right to be alone."

As the miles sped beneath the wheels, and the road, lifting the fog and revealing the greening landscape, her spirits rose. She was going home! And that was enough to make her want to sing for joy.

THE mellow old house looked forlorn and neglected as they drew up to it in the late afternoon, but Merry jumped out and jingled the keys joyously as she ran to unlock the front door and Lizzie and Andrew, beaming happily, followed her with the luggage. "It's too cold and damp for us to stay here tonight," Merry de-

clined when they had stowed the luggage in the house and stood looking about the dust-sheet-shrouded furniture, the stripped beds. "You run on over to your son's and spend the night, and I'll go to the hotel, and in the morning we'll get things started."

Lizzie and Andrew exchanged a swift glance and Andrew said, "Yessum. Us drop you off at de hotel, and pick you up in de mawnin'."

Merry nodded as she turned the key in the lock and went back to the car with them. She was welcomed at the hotel with pleasant warmth and had dinner served in her room, since she was too tired to risk running into any of her friends. She hesitated for a moment with her hand on the telephone, about to call Tip, and then thought better of it. She was tired, and she wouldn't admit that she was a little shy of seeing him again.

She fell asleep almost as soon as she got to bed and slept dreamlessly until almost nine o'clock the next morning. She tumbled out of bed, thrilled by the pleasantly important prospect of an awful lot of work that had to be done that day.

She was having an enormous breakfast in the dining room when a bell-hop came to tell her her car was waiting. She finished and ran out into the warm sunshine where Andrew, his black face split by a white grin, was waiting for her.

"Where's Lizzie?" she asked as she tumbled into the car.

"Dave taken her on to de house, Miss Merry, whilst I pick you up," said Andrew cheerfully.

"Oh, Andrew, isn't it a frabjous morning? Oh, Mrs. Lewes' camelias are out. Aren't they heavenly?"

"Sho' is a fine mawnin', Miss Merry. Ain' no place in de world better'n Marshallville," Miss Merry said, and beamed.

Merry perched on the edge of

the seat, sniffing delightedly like an excited puppy at the scents that, to her, made up the real word "home." She had never known until that moment just how terribly homesick she had been.

ANDREW turned in at the gate set in the low brick wall surrounding the old house, and, startled, Merry saw smoke rising from the chimneys; saw two men working on the unkempt lawn, the overgrown shrubbery; all the signs of activity about the place.

"Dave brung Lizzie ove', and a frien' o' his whut ain't workin' come along to fix up de grounds," Andrew explained.

As Merry fished for the keys, the front door swung open and Aunt Jane stood there, with Lizzie right behind her, and both wore smiles that rivalled the golden morning.

Merry flew into Aunt Jane's arms and they wept together and laughed at each other and Lizzie also shamelessly wiped away a tear. Aunt Jane said huskily, "Welcome home, child."

"But how in de world did you get here? And how did you get in?" Merry marvelled when the first transports of delight were over.

Lizzie laughed richly. "I slipped de lock offen de front do' fore me an' Andy taken yo' to de hotel, honey. Den us come back hyeh and work awhile. Ah' den dis mawnin', us telefoamed Miss Jane an' she got he'se' a taxi and come right out."

"I came down a couple of days ahead an' spent de time with some friends. Lizzie and I thought yo'd like havin' us all here together when you came back home, child," said Aunt Jane gently.

"You're all lambs and I love you to pieces," said Merry huskily, and dashed the tears from her eyes childishly with the back of her hand. "I'll run upstairs and get into work-clothes and be right back. Oh, glory, isn't it frantie to be home again?"

"Frantie is probably de word—I wouldn't know," grinned Aunt Jane. "In my day, we'd probably have said 'dee-light-ful', only it's been so long I wouldn't remember."

Rushville Five Nips Host Club In Finals Of Winchester Meet

Rushville edged a fighting host quint in the finals of the Winchester tournament last night to take the championship in a 55 to 52 fray.

The host club grabbed a 14 to 13 lead at the end of the first eight minutes of play, but Rushville fought back in the second stanza to knot the count at 25-all at halftime.

A nip-and-tuck third frame found Rushville on the long end of a 35 to 35 count and they managed to hang on to this lead in the last inning to take the crown back home.

Patterson, Rushville center, led the winners with 13 counters, while Northrop and Stuart shared the scoring honors for the Wildcats with 13 apiece.

In the consolation match Griggsville came out on the long end of a 52 to 44 count to capture the third place trophy. Collins and Goewey split the scoring honors for the winners with 14 counters and Brannan and Boe each netted 10 for Carrollton.

Wildecats Move Out Of Cellar; Beat Iowa 65-44

Champaign, Jan. 22.—(P)—Northwestern won its first Big Nine basketball game and moved out of the conference cellar with a 65-44 triumph over Iowa in the opener of a Chicago Stadium doubleheader witnessed by 17,000 tonight.

The loss dropped the Hawkeyes from eighth into last place with a 1-4 record.

Sophomore Ray Ragels pumped in 20 points to spark the Wildcats to their first win in three league starts.

Northwestern moved into a 37-23 intermission margin and had little trouble outdistancing the poor-shooting Hawkeyes, who hit a meager 17 percent of the floor tries.

Guard Bob Schulz' 10 points topped the feeble Iowa attack.

The Hawkeyes held the lead for the only time at 10-9 after five minutes. The Wildcats then began a well-balanced assault that swept them in front 21-11 midway in the opening period and left the outcome fairly certain at that early stage.

Each team had 74 shots. Northwestern connecting on 24 and Iowa on only 13.

Majors Will Feel Pinch Of Bonus Law This Year

(By Jack Hand)

New York, Jan. 22.—(P)—Baseball's bonus law begins to hurt this year when nine major league clubs approach spring training with 16 "prospects," costing about \$400,000 who cannot be farmed out.

Ready or not these players must be kept in the farm system. In each case the athlete received more than the legal maximum—\$6,000 in the major leagues—by signing as a free agent.

The Philadelphia Phils have the most—five—so Manager Eddie Sawyer has the biggest headache. He already has one fifth of his regular season roster of 25 all selected for him. There's not much he can do about it.

Most Played Last Year

Most of the 16 bonus men appeared in the majors last season for at least a short stretch. In fact the Phils had two regular pitchers, Curt Simmons and Robin Roberts, in that class. Charley Bickwell, used largely on relief in '48, also is a Phil bonus man.

Jack Mayo, a 273 hitter at Utica last year, joined the Phils in late season for 12 games. Now he can't be sent out for seasoning. Neither can Stan Holmberg, the muscular Texas Aggies football star, who hit .395 for Wilmington after receiving a big bonus.

Johnny Antonelli, the sensational Rochester, N. Y., schoolboy who cost the Boston Braves between \$55,000 and \$75,000 is slated to take a regular turn for Manager Billy Southworth. He's the only Brave in the bonus category.

Cincinnati Has Two

Cincinnati has a pair of bonus hurlers in Pitcher Frank Fanovich, a wild lefthander who had a 9-13 record at Syracuse in the International league, and Lloyd Merriman, the former Stanford university player.

Cleveland has three bonus players including the ageless negro pitcher, Satchel Paige, while Earle Brucker Jr., son of the Philadelphia A's coach, is Connie Mack's lone bonus player.

Brooklyn's only bonus man is Pitcher Elmer Saxeau, a right-hander, who won 11 and lost 7 for the Dodgers in the first 10 games of last season. He pitched four innings for the Dodgers in late season.

The No. 16 man is Paul Campbell of Detroit.

First round games bring Mt. Sterling against Perry, I.S.D. vs. Meredosia, Routt and Bluffs, with Chambersburg and Chapin tangling in the final initial elimination game. Favorites should have little trouble in these first games, and the experts are picking no upsets until the semi-finals.

Routt and Chambersburg, who wound in the lower bracket, and will meet in the semis, loom as two most formidable fives in the tournament. The Rockets have already proven their power with a 44 to 40 win over the number-one team, Mt. Sterling, and Chambersburg is way up there in the eyes of this scribe, after they topped the crown in the Virginia meet.

We're picking this semi-final bout as the game of the meet, and like Chambersburg by a nose.

Alf Lamb, former coach and star athlete at Illinois College, has recently moved to RR2, Elizabethtown, Pa., where he is associated with his brother-in-law in the candy manufacturing business. Alf tried his hand in several businesses after coming home from the wars; even worked in a lumber yard. The retired ex-mentor has evidently decided to quit the coaching game permanently.

John Clough, coach of the Eldred grade school five, notifies us that the second annual Eldred Grade Invitational tournament will leave the post on Jan. 25 and continue through the 28. Alsey, Hardin, Hillview, St. John's, Manchester, Eldred, Rockbridge and Kampsville compose the eight team roster.

Arenville got the nod for the district tournament in this section and I.S.D. will play host to eight teams in the regional meet. Meredosia and Chapin have heretofore alternated on the district affair, and the selection of Arenville came as quite a surprise to district school officials.

We'll see you at the PMBC tournament, and watch that Chambersburg-Routt fray!

Gophers Take 5th Big Nine Win From Indiana

Minneapolis, Jan. 22.—(P)—Minnesota won its fifth Big Nine conference basketball victory tonight by downing Indiana, 35 to 28. It was the Gophers' thirteenth straight win this season.

Victory kept Minnesota at the top of the conference ladder and among the few undefeated major college quints in the nation.

A season's record crowd of 16,306 jammed the field house to watch a low-scoring battle in which the Gophers held Indiana to a total of three field goals in the first 38 minutes of play.

Both teams played very deliberately as Minnesota moved into an 18-10 halftime advantage. The Gophers had a 35-20 margin as the game went into the final two minutes of play. At that point, Coach Osborne Cowles put in an entire team of substitutes and the Hoosiers grabbed eight quick points to close the final gap to seven points.

Notre Dame Whips Denver U. 49-44

South Bend, Ind., Jan. 22.—(P)—Notre Dame's basketball Irish held Vince Boryla, their former teammate, to one field goal tonight and beat Boryla's University of Denver quintet, 49-44.

Big Leo Barnhorst, Boryla's constant companion for the evening, found time to top Notre Dame with 20 points. Boryla has been one of the nation's leading scorers but he went scoreless in the first half and finished with five points on his lone fielder and three free throws.

Denver made a game of it in spite of Koryla's difficulties. It led 5-0 at the start, 17-9 after 13 minutes and 21-17 at the half.

Boryla got his only basket at the start of the second half. Barnhorst responded with three quick baskets to put Notre Dame ahead 24-23. Denver caught up again at 37-37 but the Irish ran up a 44-38 margin and kept ahead the rest of the way.

Guard Bill Little led Denver scoring with 14 points.

Leg injuries kept regulars John Brennan and Kevin O'Shea out of the Notre Dame lineup.

POWERFUL PARROTS

Large parrots not only bite to pieces the woodwork of a cage, but may also demolish living trees, according to the Encyclopedia Britannica.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Jan. 22.—(P)—All livestock were quoted nominally steady today at the end of a week featured by a continuation of the drop in cattle prices. Average price for beef steers this week was \$23.93, lowest for any week since that ending May 10, 1946.

It was the fourth consecutive week of lower steer prices. The agricultural department said, "progressively lower prices for dressed beef in wholesale markets combined with continued liberal cattle supplies seemed to be the main factors in the decline."

All weights of butcher hogs slipped around 25 cents this week, but sows held steady. After falling Monday, prices in the sheep section held about steady for the rest of the week. Final quotations were down about 25 cents as compared with a week ago.

Chicago Cash Grain

Chicago, Jan. 22.—(P)—Wheat: No. 5, 2.13; Corn: No. 2 yellow 1.44; No. 3, 1.41-43; No. 4, 1.33-134; No. 5, 1.25-31; sample grade 1.21-25. No oats.

Barley malting 1.18-50 nominal; feed 1.02-18 nominal. Field seed per hundredweight nominal: sweet clover 15-16; timothy 17.50-18.

Markets at a Glance

New York, Jan. 22.—(P)—Stocks—Steady, selective buying. Bonds—Irrregular, changes narrow. Cotton—Easy, nearby deliveries attract hedging.

Wheat—Easy; southwestern selling. Corn—Weak; hedging pressure. Oats—Lower in light trade. Soybeans—Easy; commission house selling. Hogs—Nominally steady. Cattle—Nominally steady.

GRAINS, SOYBEANS AND LARD ALL LOWER IN SLUGGISH DEALINGS

Chicago, Jan. 22.—(P)—Grains, soybeans and lard slid lower on the Board of Trade today. At one time soybeans were down more than two cents, but a slight rally in the last half hour canceled some of the loss. Dealings were rather slow in all lots. In wheat some selling came from houses with connections in Kansas City. Part of the selling in corn was regarded as hedging as more than 100,000 bushels of the yellow grain were purchased on a to-arrive basis. Packing houses gave a little support to lard.

The market was a disappointment to those traders who had expected a continuation of the sharp run-up in the closing hour yesterday. However, all the urgent short-covering appeared to have been completed in yesterday's trade. The market today opened lower and remained that way.

Wheat closed 1-11 lower, May \$2.23; 2-24, corn was 8-14 lower, May \$1.43; 1-2, oats were 1-1 lower, May 72-77; rye was 1 cent lower, May \$1.66; soybeans were 2 to 2 1/2 lower, March \$2.47; 1-2, and lard was unchanged to 20 cents a hundred pounds lower, January \$14.65.

Receipts of grain in cars for today: wheat 4, corn 265, oats 12, rye 1, barley 25 soybeans 4.

Looper Indicted For Murder in Alton Stabbing

Glasgow—A murder charge against William Wesley Looper, 22, of Alton was among the forty indictments voted Wednesday by the Madison county grand jury in session at Edwardsville.

Looper, a former White Hall resident and navy veteran, is alleged to have fatally stabbed Alsey Ray Smith, 24, also of Alton, and a Glasgow native, in a quarrel over the affections of Smith's former fiancée, Miss Dorothy Lee Pruitt of Alton, a former resident of Waukegan.

The stabbing occurred early in the morning of Jan. 8, with Smith succumbing to the knife wounds later that same morning.

Looper has been held in custody in the Madison county jail without bail since the occurrence.

151 Memberships In County Fair Association Sold

Striking a keynote of "Let's Get Everyone on the Bandwagon," the Morgan County Agricultural Fair Association added 41 new members to its rapidly growing roster.

Chairman Earl Hemmrough announced Saturday morning that the Fair Association campaign, just nine days old, has produced a total of 151 memberships to date.

Claude Gustine's retail division, which was organized at a meeting Wednesday evening, has already reached the 75% mark of its goal. The individual division still leads in the division race accounting for 68 memberships or 83% of its goal.

The next report meeting is scheduled to be held Thursday, Jan. 27, at 5 p. m. in the Chamber of Commerce office.

Millermen Take Easy Hardwood Victory From Blackburn Aggregation

Al Miller's Blueboy quint went on the road and brought home a 73 to 41 victory garnered from the Blackburn aggregation there last night.

The Hilltoppers had little trouble in taking the non-conference tilt from the Blackburn five. With every regular hitting consistently, the Millermen pulled into an early lead which they never relinquished. The local college outfit had the score doubled at 41 to 20 on the host quint at the intermission.

Dave Billings was injured in the second half after bumping into a Blackburn player. He was taken to the Carlinville hospital where 2 stitches were placed over his eye.

Bill Gross netted 16 counters for the IC outfit, while Baehneide's 8 was the best Blackburn could manage.

Our Saviour's Cagers Take 31-29 Hardwood Victory

The Our Saviour's grade school five annexed a 31 to 29 cage win from St. Patrick's of Decatur on the local floor last night.

It was a battle royal all the way with first one team gaining the advantage and then the other. Costello led the local five with 14 points, and Jordan was high for the visitors with 12 counters.

In the preliminary tilt, the Our Saviour's seconds grabbed a 16 to 9 contest from the St. Patrick's reserves.
